

The Unreached & Least Evangelized Peoples Forum

Working together to finish the task

November 27th – 29th, 2007

**Irving Bible Church
Irving, TX**

A gathering for individuals, churches, agencies, mobilizers and leaders who are advocates for or work among the unreached peoples.

The task before the Global Church is to reach the most remote, hidden peoples. They are not reached because of many religious, political, social and economic factors. The task is difficult. The Church struggles with the strategies that need to be employed. And together, we can do better!

The Forum

In February 2007 ministry and church leaders involved in this work gathered in Minnesota to see how they could work together. The vision is “to create a forum where models, resources, connections and an increasing body of knowledge will enhance the urgency, effectiveness and capacity of each and all Unreached Peoples efforts and networks.”

“...To enhance the urgency, effectiveness and capacity of each and all Unreached Peoples efforts and networks.”

This November 2007 two day consultation is the follow-up meeting for all involved in expanding the Kingdom of God to these hidden and least evangelized peoples.

The Outcomes

There are no predetermined outcomes. The meeting is built around an open architecture where your input is needed, expected and desired. Each ministry has its own distinctives which will be respected.

It is anticipated that through interaction and discussion, ministries will learn how and where they can work together.

Opportunities will be provided for interaction so that real, on the ground, in the trenches work can be accomplished.

The Purpose

The purpose of this forum is to increase and multiply the focus and engagement with Unreached Peoples. We do this by bringing together key ministries, churches, agencies, and others interested from or within North America who are involved in Unreached Peoples work. Together we interactively:

- Explore the big picture & current realities
- Cross-pollinate the learning, models, connections and resources of those in the trenches
- Engage in strategic conversations around the challenges and issues that emerge.
- Connect to a growing group of partners, models, connections, resources and new ideas
- Intercede and hear from God
- Both give input and receive

Consultation location

Irving Bible Church

2435 Kinwest Parkway
Irving, Texas 75063
Tel: 972-560-4600
